

The Cornwall Independent School

Friday 25th September 2026 No: 3

Inspection

This week has been a busy week in school with our routine ISI school inspection. The inspectors spent three days with us exploring all aspects of school life. We cannot currently share any information with you but will share the report once it is published. We would like to thank those parents, pupils and staff who supported us by completing the questionnaires and the lovely messages we have received this week.

School Council

In the recent school council meeting pupils had requested some new items for the playground such as mats, skipping ropes, new footballs and hoops. We took delivery of these items this week and pupils have enjoyed putting them to use at breaktimes.

Careers

In previous years we have found that pupils would like to know more about different careers. We would be grateful for any parent volunteers who would be willing to share more information about their chosen careers and their route into that area in a short assembly at the end of the school day. Please contact the school office if you are able to share your career journey and experiences.

Vaccinations

Mrs Stevens has sent out the letter from Kernow Health about the nasal flu vaccinations for all pupils in school. There is a link in the letter, so you can sign in and opt in or out of the vaccinations. The nurses will be in school to administer vaccinations on Friday 9th October in the afternoon.

Mocks

We will confirm dates for Year 11 mocks next week. We apologise for the delay in sharing these but as you can imagine this week has been incredibly busy.
