

# The Cornwall Independent School

## Mobile Phones and Devices Policy

*This policy, which applies to the whole school, including the Early Years Foundation Stage (EYFS), is publicly available on the school website and upon request a copy (which can be made available in large print or other accessible format if required) may be obtained from the School Office.*

**Scope:** All who learn, work, volunteer or supply services to our school have an equal responsibility to understand and implement this policy and its procedures both within and outside of normal school hours, including activities away from school. All new employees and volunteers are required to state that they have read, understood and will abide by this policy and its procedural documents and confirm this by signing the *Policies Register*.

**Legal Status:** Complies with The Education (Independent School Standards) (England) Regulations currently in force.

**Applies to:** This policy applies to all individuals who are to have access to and or be users of personal and/ or work-related mobile phones within the broadest context of the setting environment. This will include our pupils, parents/carers, volunteers, visitors, contractors and community users. This list is not to be considered exhaustive.

### Availability:

This policy is made available to parents/carers, staff and pupils in via the School website, and on request a copy may be obtained from the Office.

**Monitoring and Review:** These arrangements are subject to continuous monitoring, refinement, and audit by the Headteacher. The Advisory Board will undertake a full annual review of this document, inclusive of its implementation and the efficiency with which the related duties have been implemented. This review will be formally documented in writing. Any deficiencies or weaknesses recognised in arrangements or procedures will be remedied immediately and without delay. All staff will be informed of the updated/reviewed arrangements and it will be made available to them in writing or electronically.

Next Review: September 2026

Miss Louise Adams  
Headteacher

Mr Stephen Beck  
Chair of the Advisory Board

**Introduction:** Whilst we welcome the use of mobile phones and cameras for educational purposes and the convenience they offer and recognise that learning to use digital technology is an important part of the ICT and wider curriculum. Equally we have to ensure the safeguarding needs of the pupils are met and staff, parents/carers and volunteers are not distracted from their care of pupils. Mobile phones, alongside other technologies aim to change the way we communicate. This speed of communication will often provide security and reassurance; however, as with any other form of technology there are associated risks. Pupils and young people must be encouraged to understand such risks, to enable them to develop the appropriate strategies which will keep them safe. Acceptable use and management of mobile phones is therefore to be agreed by all service users. There is to be a clear expectation that the personal use of mobile phones is to be limited to specific times and uses set out within the policy.

**Aims:** The aim of this Policy is to protect all users from harm, by ensuring the appropriate management and use of mobile phones by all individuals who work or visit our school, including pupils themselves. Pupils and young people are also to be empowered with the skills to manage the changes in technology in a safe and appropriate way; and to be alert to the potential risks of such use. This is to be achieved through balancing protection and potential misuse. It is therefore to be recognised that alongside the potential risks, mobile phones continue to be effective communication tools. This in turn is to contribute to safeguarding practice and protection.

**Policy statement:** It is to be recognised that it is the enhanced functions of many mobile devices that will give the most cause for concern; and which should be considered the most susceptible to potential misuse. Examples of misuse are to include the taking and distribution of indecent images, exploitation and cyberbullying. It must be understood that should mobile phones be misused, there will be a negative impact on an individual's safety, dignity, privacy and right to confidentiality. Such concerns are not to be considered exclusive to pupils and young people, so the needs and vulnerabilities of all must be respected and protected.

Mobile phones will also cause an unnecessary distraction during the working day and are often to be considered intrusive when used in the company of others. It will often be very difficult to detect when mobile phones are present or being used. The use of all mobile phones needs to be effectively managed to ensure the potential for misuse is to be minimised.

**Code of conduct:** A code of conduct is to be promoted with the aim of creating an informed workforce, who will work together to safeguard and promote positive outcomes for the pupils and young people in their care. It is to be ensured that all teachers and staff will:

- Be aware of the need to protect pupils from harm.
- Have a clear understanding of what constitutes misuse.
- Know how to minimise risk.
- Be vigilant and alert to potential warning signs of misuse.
- Avoid putting themselves into compromising situations which could be misinterpreted and lead to potential allegations.
- Understand the need for professional boundaries and clear guidance regarding acceptable use.
- Be responsible for the self-moderation of their own behaviours.
- Be aware of the importance of reporting concerns immediately.

**Guidance on Use of Mobile Phones by Teaching Staff:** The following points apply to all staff and volunteers at our school and apply to the use of all mobile devices to ensure the quality of supervision and care of the pupils, as well as the safeguarding of pupils, staff, parents and volunteers in the school.

The Cornwall Independent School allows staff to bring in mobile phones for their own personal use. However, they must be kept away in closed drawers or their bags when teaching and are not allowed to be used in the presence of pupils. Personal Mobile devices are not permitted to be used within the EYFS Setting when children are present. They may be used during working hours in a designated break away from the pupils or in the classroom once pupils have gone to break. Staff are not permitted to use recording equipment on their personal devices to record dialogue, take photos or videos of pupils. If staff fail to follow this guidance, disciplinary action may be taken in accordance with The Cornwall Independent School Disciplinary Policy. During outings, nominated staff will be permitted to have access to their own mobile phones, which are to be used for emergency contact only. During off-campus activities, i.e. field trips and overnight excursions, trip leaders will be provided with a school-issued mobile phone in good working condition. School-issued mobile phones must be switched on and turned to

loud to ensure that staff can be contacted by the school. Contact numbers for all members of staff accompanying the pupils must be left at Reception and a list of contact telephone numbers for all pupils should be with the leader of the off-site activity (although these must be kept confidential).

If staff need to make an emergency call, (such as summoning medical help or reporting an intruder on the premises) they must do so irrespective of where they are, via their own mobile phone or a school phone. Staff should provide the school number to members of the family and next of kin so in an emergency the member of staff can be contacted on the school phone. Staff must ensure that there is no inappropriate or illegal content on their phones or mobile devices. Should any member of staff become aware of inappropriate use of a mobile phone, this should be reported to a member of the SLT and may be subject to disciplinary action.

All teachers are responsible for the storage of school mobile devices, which should be locked away securely when not in use. Images taken and stored on school devices should be uploaded to the school's secure network and deleted from the device when no longer required. Staff are not to use their own equipment to take photos of pupils. Under no circumstances must devices of any kind be taken into the pupil toilets (this includes any device with photographic or video capabilities).

**Guidance on staff use of social media:** Staff must not post anything onto social networking sites such as Facebook that could be construed to have any impact on the School's reputation. (We advise all our staff to carefully restrict their Facebook profiles to ensure they cannot be contacted by parents and pupils; this could involve removing their last name from their page). We explain to staff that although they are able to accept friendship requests from friends, who may also be parents of pupils at the school, staff must be aware of the potential issues this could cause. Staff must not post anything onto social networking sites that would offend any other member of staff or parent. If any of the above points are found to have occurred, then the member of staff involved will face disciplinary action, which could result in dismissal. Where email contact is initiated by pupils who have left The Cornwall Independent School, employees may reply from a school email address only with blind copies to the admin team the DSL. Staff must not accept friendship requests from pupils on roll and we advise staff not to accept requests from former pupils.

**Guidance on Use of Mobile Devices by Pupils (mobile network access: 3G, 4G, 5G):** Dependent on age, pupils are permitted to bring mobile devices on to the school grounds, but these should not be used during the school day. The school recognises that by using devices which have access to 3G, 4G and 5G mobile phone networks, this can result in children having unlimited and unrestricted access to the Internet, which could lead to some children, whilst at school or college, sexually harassing their peers via their mobile and smart technology, sharing indecent images: consensually and non-consensually (often via large chat groups), and viewing and sharing pornography and other harmful content. The school takes precautions to ensure that pupils limit access to their personal mobile devices during the school day and reserves the right to confiscate and monitor personal devices when deemed necessary for safeguarding concerns. EYFS-KS2 Pupils should not bring phones to school. For pupils in KS3-4, if pupils bring in a mobile device, it should be turned off and be lodged with the school office. In the event of a mobile phone being used in a lesson without permission from the teacher, the phone should be confiscated and given to the Headteacher. Pupils are not permitted to use recording equipment on their personal devices to record dialogue, take photos or videos of other pupils while on the school premises. Pupils should not be using smart watches during the school day. These are not to be worn in school as they cause an unnecessary distraction to pupils. If they are worn to school accidentally, they should be logged in the school office.

**The School has the right to confiscate and search any mobile electronic device if it suspects that a pupil or staff member is in danger or has misused a device. This will be done in accordance with the School's policy on searching and confiscation as set out in the Behaviour and Discipline Policy.**

**Unacceptable Uses:** In order to protect one's privacy and respect to others, unless express permission is granted, mobile phones, laptops and mobile devices should not be used to make calls, send messages, use the Internet, take photos or use any other application during school lessons, other educational activities around school.

- Mobile devices should not disrupt classroom lessons with ring tones, music or beeping. They should be turned off during lesson time and kept in the office in order to respect the learning environment, any bags which contain a phone that is ringing will be taken to the school office.

- Using mobile devices to intimidate, bully, harass, threaten, attempt to radicalise others or breach copyright laws is unacceptable. Cyber bullying will not be tolerated. In some cases, it can constitute criminal behaviour. If the use of technology humiliates, embarrasses or causes offence it is unacceptable regardless of whether 'consent' was given. (Please refer to our Anti-bullying Policy)
- Mobile phones are not to be used in changing rooms or toilets or used in any situation that may cause embarrassment or discomfort to their fellow pupils, staff or visitors to the school.
- Disruption to lessons caused by a mobile phone or any mobile device may lead to disciplinary consequences.
- Any pupil who uses vulgar, derogatory, or obscene language while using a mobile phone may face disciplinary action.
- Safeguarding, privacy and respect are paramount at The Cornwall Independent School. To this end, it is prohibited to take a picture of or record a member of staff without their permission. In the event that this happens the pupil will be asked and expected to delete those images and may be requested to turn over the device to the Headteacher and/or the Designated Safeguarding Lead.
- Pupils are reminded that 'sexting' (sending or posting images or videos of a sexual or indecent nature) is strictly prohibited by the school and may constitute a criminal offence. Pupils must ensure that files stored on their phones do not contain violent, degrading, racist or pornographic images. The school will treat incidences of sexting (both sending and receiving) as a safeguarding issue and pupils concerned about images that they have received, sent or forwarded should speak to any member of staff for advice.
- Smart watches are not allowed in school.

This may result in disconnection from the school network, confiscation of the mobile technology and/or legal or civil disciplinary action. Uploading images and sound is only permissible if the subject involved gives permission and if in doing so, School and statutory guidelines are not breached.

Additionally, School staff have the specific power under the Education and Inspections Act 2006 (which has been increased by the Education Act 2011) to search for and, if necessary, delete inappropriate images or files on pupils' electronic devices, including mobile phones, iPads and other tablet devices, where they believe there is a 'good reason' to do so. When deciding whether there is a good reason to examine or erase data or files on an electronic device, staff must reasonably suspect that the data or file in question has been, or could be, used to:

- Cause harm, and/or
- Disrupt teaching, and/or
- Break any of the School rules

If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL, Prevent lead or other member of the senior leadership team to decide whether they should:

Delete that material, or

Retain it as evidence (of a criminal offence or a breach of a School discipline), and/or

Report it to the police

**Theft or damage:** Mobile phones or any mobile devices that are found in the school and whose owner cannot be located should be handed to the school office. The school accepts no responsibility for replacing lost, stolen or damaged devices. The school accepts no responsibility for damage to or loss of mobile phones or mobile devices while travelling to and from school. **It is strongly advised that pupils use passwords/pin numbers to ensure that unauthorised phone calls cannot be made on their phones or other mobile devices. Pupils must keep their password/pin numbers confidential.**

**Inappropriate conduct:** Under exam regulations, mobile phones are prohibited from all examinations. Pupils MUST give handed in to the office. Any pupil found in possession of a mobile phone during an examination will have that paper disqualified. Such an incident may result in all other exam papers being disqualified.

#### **Use of images: displays etc**

We will only use images of our pupils for the following purposes:

- Internal displays (including clips of moving images and yearbooks) on digital and conventional notice boards within School premises.

- Communications with The Cornwall Independent School community (parents, pupils, staff), for example newsletters and E-learning Journals.
- Marketing The Cornwall Independent School, both digitally by website, by prospectus [which includes a DVD and YouTube channel], by displays at educational fairs and other marketing functions [both inside the UK and overseas] and by other means.

**Storage and Review of Images:** Images of pupils should be stored securely on the school network. Digital photographs and videos are reviewed annually and are deleted when no longer required. We regularly check and update our web site, with expired material deleted.

**The Cornwall Independent School Website:** Photographs and videos may only be uploaded to the school's website or social media accounts with the Headteacher's approval. Pupil's surnames are never used on our website.

**Images that we use in displays and on our web site:** The images that we use for displays and communications purposes never identify an individual pupil. Instead, they name the event, the term and year that the photograph was taken (for example, 'Sports Day, Summer Term 2019'). We only use images of school activities, such as plays, concerts, sporting fixtures, prize-giving, school trips etc. in their proper context. We never use any image that might embarrass or humiliate a pupil. Pupils are always properly supervised when professional photographers visit The Cornwall Independent School. Parents are given the opportunity to purchase copies of these photographs.

**External Photographers:** Professional photographs are taken throughout the year at school shows, by local media and Professional School Portraits. The Headteacher ensures that professional photographers are DBS checked and that they have their own stringent regulations, which ensure safeguarding of pupils from inappropriate use of images.

**Media coverage:** We will always aim to notify parents in advance when we expect the press to attend an event in which our pupils are participating, and we will make every effort to ensure that images including pupils whose parents or guardians have refused permission for such images of their pupils to be used are not used. We will always complain to the Press Complaints Council (PCC) if the media fails to follow the appropriate code of practice for the protection of young people, including the pupils of celebrities.

**Staff induction:** All new teaching and office staff are given guidance on the school's policy on taking, using and storing images of pupils.

**Parents/Visitors and Volunteers use of mobile phones/cameras within the school buildings (Including Photographing Pupils:** Parents must ensure mobile phones/cameras are not on display (switched off or silent mode) while in the presence of pupils or in public areas of the school such as during meetings and school events. If staff observe that parents are using their mobile phones whilst in school, we will politely remind visitors as to why we do not permit the use of mobile phones in and around the school. The exception to this would be at an organised event. Staff should remind parents regularly of school policy with regard to mobile phone use with the following statement on weekly emails, when announcing events: "You are welcome to photograph your child at this event providing the images are for personal use only (e.g. a family album) and so are exempt from data protection Laws. Please be aware these images (which may include other pupils) must not be shared on social networking sites or other web-based forums since we regard this as 'making the image public'. Sharing images, or uploading them into a 'public space', is likely to be in breach of data protection." If they wish to make or take an emergency call, they may use the office and the school phone.

The school records images of pupils, both through moving pictures and stills, for assessment and reporting of progress, as well as celebration of their activities. It goes to some lengths to photograph events and performances, which are available on request (or through purchasing), particularly in order to avoid distraction of pupils while performing and disturbance within the audience. Parents are welcome to take photographs of their own pupils taking part in sporting and outdoor events. When an event is held indoors, such as a play or a concert, parents should be mindful of the need to use their cameras and recording devices with consideration and courtesy for the comfort of others. Flash photography can disturb others in the audience, or even cause distress for those with medical conditions; we therefore ask that it is not used at indoor events. Parents are also reminded that copyright issues may prevent us from permitting the filming or recording of some plays and concerts. We always

print a reminder in the programme of events where issues of copyright apply. Additionally, the school records images of pupils, both through moving pictures and stills, for assessment and reporting of progress, as well as celebration of their activities. It goes to some lengths to photograph professionally events and performances, which are available on request (or through purchasing), particularly in order to avoid distraction of pupils while performing and disturbance within the audience.

When pupils join The Cornwall Independent School, we ask parents to sign consent for photographs and videos to be taken for such purposes. If consent is withheld, this must be made clear when the consent form is returned to school so that photographs/videos are not published of the individual child concerned. The pupils take part in various events throughout the year, such as assemblies, sporting events, drama and musical productions, field trips, the international festival, etc. Parents are welcome to take photographs of these memorable events, which may include groups of pupils. If a child takes part in the events, the parents are consenting to their child possibly being photographed or included in a group photograph by other parents. Wherever possible, parents who take photographs of groups of children who are in the care of the school should gain consent first, ensuring that once any photographs are taken, they are stored safely and not posted to social media. The school recognises that it cannot police parents taking photographs of pupils who are outside school grounds and not in the school's care, however posting such pictures online may be in breach of data protection laws without consent of all people within the photograph.

**Other mobile technology:** *At The Cornwall Independent School, we recognise the value of mobile technology within our curriculum and our pupils' accommodation. When accessing the school Wi-Fi, staff and pupils must adhere to their ICT Acceptable Use Policy. Staff, pupils, volunteers and parents are responsible for their own mobile devices and the school is not responsible for theft, loss, or damage.*

**Driving and the law:** The use of hand-held phones while driving, whether to make or receive a call, is prohibited. The only exception to this will be in the event of a genuine emergency call to 999 or 112, if it would be unsafe for the driver to stop. Hand-held mobile phones used with an earphone and microphone are covered under the ban, as they still require the user to hold the phone to press buttons or to read a message on the phone's screen. Mobile phones must instead be directed to the message/voicemail service while driving. The Headteacher will not assist in the payment of any fine levied against anyone using a hand-held mobile phone while driving. An employee will be regarded as driving if the engine is running, even if the vehicle is stationary. Notification of any contravention of these requirements may be regarded as a disciplinary matter.

## **Appendix 1 - Acceptable Use of Mobile Phones and 3G/4G/5G compatible devices**

It is our intention to provide within this policy an environment in which children, parents, and staff are safe from images being recorded and inappropriately used, in turn eliminating the potential use to interfere with the dignity and privacy of all individuals and thus compromise the confidentiality of the children in our care.

### **Purpose:**

- The widespread ownership of Mobile phones and 3G/4G/5G compatible devices (referred to throughout this document as mobile devices) among young people requires that school administrators, teachers, pupils, parents/carers take steps to ensure that these devices are used safely and responsibly at school. This Acceptable Use Policy is designed to ensure that potential issues involving mobile devices can be clearly identified and addressed, ensuring the benefits that they can provide can continue to be enjoyed by our pupils.
- The school has established the following Acceptable Use Policy for mobile devices that provides teachers, pupils, parents/carers guidelines and instructions for the appropriate use of these devices during the time pupils are under the care of the school, inclusive of the academic day, on campus and all educational visits.
- Pupils, their parents or carers must read and understand the Acceptable Use Policy as a condition upon which permission is given to bring mobile devices to school.

### **Rationale:**

- The school recognises that personal communication through mobile devices such as mobile technologies is an accepted part of everyday life, therefore such technologies are to be used responsibly and in accordance to the Acceptable Use Policy.
- The School accepts that parents/carers give their children mobile phones to protect them from everyday risks involving personal security and safety. There is also increasing concern about commuting long distances to school. It is acknowledged that providing a child with a mobile phone gives parents reassurance that they can contact their child if they need to speak to them urgently.

### **Responsibility:**

- It is the responsibility of pupils who bring mobile devices to school to follow the guidelines outlined in this document. The decision to provide any mobile devices to their children should be made by parents or carers. It is important that parents understand the capabilities of these devices and the potential uses or misuses of those capabilities. If needed, guidance to this information can be signposted by the school.
- Parents/carers should be aware that if their child brings any device, including a mobile phone to school, the school does not accept responsibility for any loss, damage or costs.
- Parents/carers are reminded that in cases of emergency, the school remains a vital and appropriate point of contact and can ensure your child is reached in a relevant and appropriate way. Parents/carers are requested that in cases of emergency they contact the school first so we are aware of any potential issue and may make any necessary arrangements.

### **Acceptable Uses:**

- Mobile phones should be switched off and kept out of sight during classroom lessons in order to minimize disruption or distraction.
- Mobile phones should not be used in any manner or place that could be disruptive to the normal routine of the school.
- The school recognizes the importance of emerging technologies present in modern mobile devices e.g. phones, camera and video recording, Internet access, MP3 and MP4 playback, blogging, etc. Teachers may wish to utilise these functions to aid teaching and learning and pupils may have the opportunity to use their mobile phones or mobile devices in the classroom. On these occasions pupils may use their mobile phones in the classroom when express permission has been given by the teacher. The use of personal mobile phones in one lesson for a specific purpose does not mean blanket usage is then acceptable.
- Headphones/earphones should only be used during private study or travelling to and from school with permission from the teacher.

### **Unacceptable Uses:**

- In order to protect one's privacy and respect to others, unless express permission is granted, mobile phones, laptops and mobile devices should not be used to make calls, send messages, surf the Internet, take photos or use any other application during the school day, other educational activities such as assemblies, or in the Dining Halls.

- Cyber bullying will not be tolerated. In some cases, it can constitute criminal behaviour. If the use of technology humiliates, embarrasses or causes offence it is unacceptable regardless of whether 'consent' was given. (Please refer to the Anti-bullying and Online Safety Policies.)
- Mobile phones are not to be used in changing rooms or toilets or used in any situation that may cause embarrassment or discomfort to their fellow pupils, staff or visitors to the school.
- Disruption to lessons caused by a mobile phone or any mobile device may lead to disciplinary consequences.
- Safeguarding, privacy and respect are paramount at the School. To this end, it is prohibited to take a picture of or record a member of staff without their permission. In the event that this happens the pupil will be asked and expected to delete those images and may be requested to turn over the device to the Headteacher and/or the Designated Safeguarding Lead.
- Headphones/earphones should not be used whilst moving around school during the school day, whilst waiting for or during lessons and assemblies, or in the dining halls.

**Theft or damage:**

- Mobile phones or any mobile devices that are found in the school and whose owner cannot be located should be handed to the front office reception.
- The school accepts no responsibility for replacing lost, stolen or damaged devices.
- The school accepts no responsibility for damage to or loss of mobile phones or mobile devices while travelling to and from school.
- It is strongly advised that pupils use passwords/pin numbers to ensure that unauthorized phone calls cannot be made on their phones or other mobile devices. Pupils must keep their password/pin numbers confidential.

**Inappropriate conduct:**

- Under assessment regulations, mobile phones are prohibited from all assessments Any pupil found in possession of a mobile phone during an assessment will have that paper disqualified. Such an incident may result in all other assessment papers being disqualified.
- Any pupil who uses vulgar, derogatory, or obscene language while using a mobile phone may face disciplinary action.
- Pupils with mobile phones may not engage in personal attacks, harass another person, or post private information about another person using messages, taking/sending photos or objectionable images, and phone calls. Pupils using mobile phones to bully other pupils will face disciplinary action. (It should be noted that it is a criminal offence to use a mobile phone to menace, harass or offend another person. As such, the school may consider it appropriate to involve the police).
- Pupils must ensure that files stored on their phones do not contain violent, degrading, racist or pornographic images. The transmission of such images is a criminal offence, and the school is obliged to report any findings of this nature to the police and local authority.
- Similarly, 'sexting' – which is the sending of personal sexual imagery - is also a criminal offence, which obliges the school to report to the police and local authority.

**Measures:** The following measures may be used in consultation and conjunction with the Anti-bullying, Child Protection and Safeguarding, E-Safety and IT Policies. The Headteacher must be consulted when inappropriate conduct requires a mobile phone to be confiscated and searched.

- Pupils who violate the rules set out in this document could face having their phone privilege repelled
- Violation of the rules set out in this document are subject to the disciplinary measures set out in the Behaviour Management Policy, which can be found on the policy section of the school's Website.

I have read and understand this policy:
